Using your Barclays debit card - what costs and what doesn't

If you use your debit card in the UK Barclays will not charge you for using your debit card in the UK when making purchases, withdrawing cash, or when buying travellers' cheques or foreign currency. A small number of ATM providers may charge a transaction fee but they should tell you about this on-screen before you commit to any transaction.

If you use your debit card abroad or pay in a currency other than sterling (either abroad or in the UK) Barclays will charge you a 2.99% Non-Sterling Transaction Fee for using your debit card abroad when making purchases, withdrawing cash, or when you are being refunded. This fee will also apply whenever you do not pay in sterling, for example when you shop online at a non-UK website. On top of this, if you're getting cash over the counter at a bank abroad (including Barclays), or using an ATM other than a Barclays ATM or an ATM at a Global Alliance member bank, you'll also be charged a £1.50 Non-

Important information about compensation arrangements

We are covered by the Financial Services Compensation Scheme (FSCS). The FSCS can pay compensation to depositors if a bank is unable to meet its financial obligations. Most depositors – including most individuals and businesses – are covered by the scheme. We will issue the FSCS information sheet and exclusions list which set out in detail what is, and is not, covered by the FSCS, once a calendar year usually with your account statement.
